Special Price-List of Own-Root Roses

We have secured the entire Rose stock of the Peter Henderson Company, and, as space does not permit us to include all varieties in our retail catalogue, we are offering them at a uniformly low price for prompt disposal.

The heavy, one-year stock includes the plants from 4- and 5-inch pots which will be shipped with the soil removed; also bench-grown stock which, although not so heavy as the imported budded Roses, is of splendid quality, with lighter but more fibrous roots.

This will make good stock for spring pot sales or for lining out.

HARDY ROSES ARE SCARCE. ORDER EARLY! WE CAN DELIVER NOW OR LATER.

TEAS and HYBRID TEAS
